HUSBAND HELD IN PHILLIPS ESCAPE

Jailed as Witness in Probe of Murderess' Getaway

TRACE WOMAN TO HONDURAS

Believed Aided by Man-Sought on Arson Charge

LOS ANGELES — (United Press) — Armour Phillips, husband of the escaped hammer murderess, was jailed today as search for the elusive Clara speeded up.

Police are holding Armour as a material witness until they can investigate fully reports and rumors of the presence of Clara in Central America.

"I know nothing of her whereabouts," Phillips pleaded with those who interviewed him in his cell. "Rumors that she is in Honduras are bunk."

"I hope the reports of her arrest are false and I've always prayed that some time she would find a safe refuge beyond the law."

Phillips began habeas corpus proceedings today to obtain his release. His lawyer is Bertram Harrington the same who defended his wife.

RETURN URGED

M. F. Rodriguez, consul from Honduras, has wired his government urging that if Clara is found she be immediately returned to the United States.

He emphasized that such a step would strengthen the bond of friendship between Honduras and the United States and likewise dispel the American impression—gained from the turbulent stories of O. Henry and Richard Harding Davis—that Honduras is a safe refuge for criminals.

"If she is really there and has been arrested she will be returned to Los Angeles within two weeks," he said.

Rodriguez said that the state of

THREE COLLAPSE IN DANCE TEST

Washington Marathon Participants Taken to Hospital

SIX OF 36 STILL GLIDING

Woman, Five Men on Floor Since Wednesday

WASHINGTON — (Associated Press) — The grimmer side of America's dance record vogue loomed up today when three victims, a man and two women, were sent to a hospital here after collapsing at the end of about forty-eight hours dancing in one of the two contests now under way here.

Miss Florence Gentry, 19, collapsed on the floor of one of the dance halls shortly before midnight last night and was assisted off, exhausted and hysterical. Examining physicians ordered that she be sent to a hospital. About an hour later two others, Mr. and Mrs. Wallace Mendenhall who had been dancing in the same contest which began Wednesday night, collapsed and was sent to the hospital for observation.

Attending physicians said they believed the three were suffering only from acute exhaustion but indicated they intended to keep them under observation for any other efforts of the dance record venture.

Stray Bullet Strikes Woman

Mrs. Jennie Arbutnot, 240 S. Elizabeth, realizes now that truth is sometimes stranger than fiction.

Friday something struck her nose while she was in the yard at the rear of her home. It stung, but she didn't think anything about it.

As she prepared to retire Friday night, she told police Saturday, a .22 calibre bullet dropped into her mouth from the back part of her nose.

Police are investigating the source of the shot.

43 GIVE BONDS IN OIL FRAUD CASE

Trial of 92 Indicted in Texas Set For May 15

FORT WORTH, Texas — (Associated Press) — Of the ninety-two oil promoters and operators indicted by the federal grand jury yesterday for using the mails to defraud, 43 have made bonds ranging from \$5,000 to \$40,000. The remainder, unless they voluntarily appear before the United States commissioner today, will be arrested and arraigned.

Hearings will begin May 15. No indications have been given by the officials of the larger companies as to whether the companies will operate while awaiting trial.

Dr. Frederick A. Cook, former Arctic explorer, whose bond was set at \$25,000 in one case and \$15,000 in another was among the first to be released after the indictments were returned.

The report of the grand jury declared that the public had been swindled out of more than \$7,000,000 and that more than 700,000 persons had been victimized.

TWO CITIES ARE UNDER WATER

Manitoba and Michigan Municipalities Inundated

BANKS OF RIVER GIVE WAY

Deluge Follows Melting of Great Ice Fields

PORTAGE LA PRAIRIE, Manitoba — (Associated Press) — A bank of the Assiniboine river broke southwest of here at 2 o'clock this morning and loosed a torrent upon this city. The railway yards were inundated and the residential section invaded.

Thousands of householders began packing up to flee at any minute.

ONTANAGON, Mich. — (United Press) — Ontanagon was saved from a disastrous flood today when dynamite broke an ice jam in the Ontanagon river and released a wall of water into Lake Superior. Two big blocks were flooded and six establishments were damaged before the flood waters were finally released.

ONTANAGON, Mich. — (United Press) — Ice jams were being dynamited today in an effort to save the business section of this city from the rushing waters of the Ontanagon river which overflowed its banks late yesterday.

Hundreds of persons living in the downtown section of the city were forced to flee their homes and seek shelter in the hills. "Already thousands of dollars worth of damage has been reported."

The flood started late yesterday after a day of unusually warm weather.

\$10,000,000 INVOLVED IN SUIT FILED BY PENNSY

NEW YORK — Business aggregating more than \$10,000,000 annually was said today to be involved in the suit filed by the Pennsylvania railroad and other lines to nullify the interstate commerce commission's order permitting the New York Central lines to purchase the stock of the Chicago River and Indiana railroad.

Knowledge of the suit, which was filed in the United States district court of northern Illinois became public yesterday when the New York Central filed an answer.

DONAHEY VETOES 3 MORE BILLS

Disapproved Measures Pass Record Set by Cox

COLUMBUS, — (United Press) — Governor Donahey's veto record jumped to 4 today when he disapproved three more bills, sponsored by Senator Bender of Cleveland, Representative McNamara of Cincinnati and Senator Atwood of Columbus.

Donahey's veto total is now five, above the record of 38 set by Governor Cox.

The vetoed McNamara bill provided for changing the hours of registration of voters.

The Bender bill permitted boards of education to publish and distribute printed, mimeographed or multigraphed courses of school study and other publications.

The Atwood bill provided that promissory notes may contain a provision that the note is not paid promptly.

Two Machines Wrecked in Attempted Mercy Trips

NORTHPORT, Mich. — (Associated Press) — The woodcutters of South Fox Island are eating something besides "bread and blackstrap" today.

Out of the sky, bags of food rained down thru the bleakness of a late afternoon fog yesterday and were quickly retrieved and opened by the nine men and one woman of the marooned party.

Morrow Kram, Chicago Tribune reporter, who was a passenger in the plane, said after the craft landed at Gaylord, Mich., last night:

"You should have seen them run out of their house and pounce upon those bags of food."

BATTLE AGAINST ICE — Northport has been the key point in the serial effort to carry supplies to the islanders whose plight first became known Wednesday when three men, alternately rowing a boat, battling slush ice, walking on ice and pulling an ice cake raft, reached here after a forty-eight hour battle to cross the 13 miles from the island.

Plans of the United States army, of the mail service, of commercial companies and of individuals took the air in a race to reach and save the islanders.

SUMS TAKEN MAY REACH \$40,000

Admissions Made by Officials of Detroit Institution

NOW IN SHERIFF'S CUSTODY

Cashier and Vice President Reveal Speculations

DETROIT, (Associated Press) — A second confession of misappropriation of funds of the Grrosse Pointe Savings bank was announced by the sheriff's office today following the arrest last night of Albert E. Kerby, cashier of the institution.

Kerby was arrested after Charles D. Ransom, vice president of the bank, started the sheriff's office by voluntarily appearing and announcing that for nearly five years he had appropriated to his own use funds belonging to the institution.

Kerby estimated, according to the sheriff's office, that his speculations extending over a period of four years would not exceed \$10,000. The amount of Ransom's shortage has not been definitely established in his possession would yield between \$30,000 and \$35,000 and cover the amount.

There was no collusion between the two bank officials, they asserted. Both declared they appropriated the funds for investment in projects they believed would net them considerable gain.

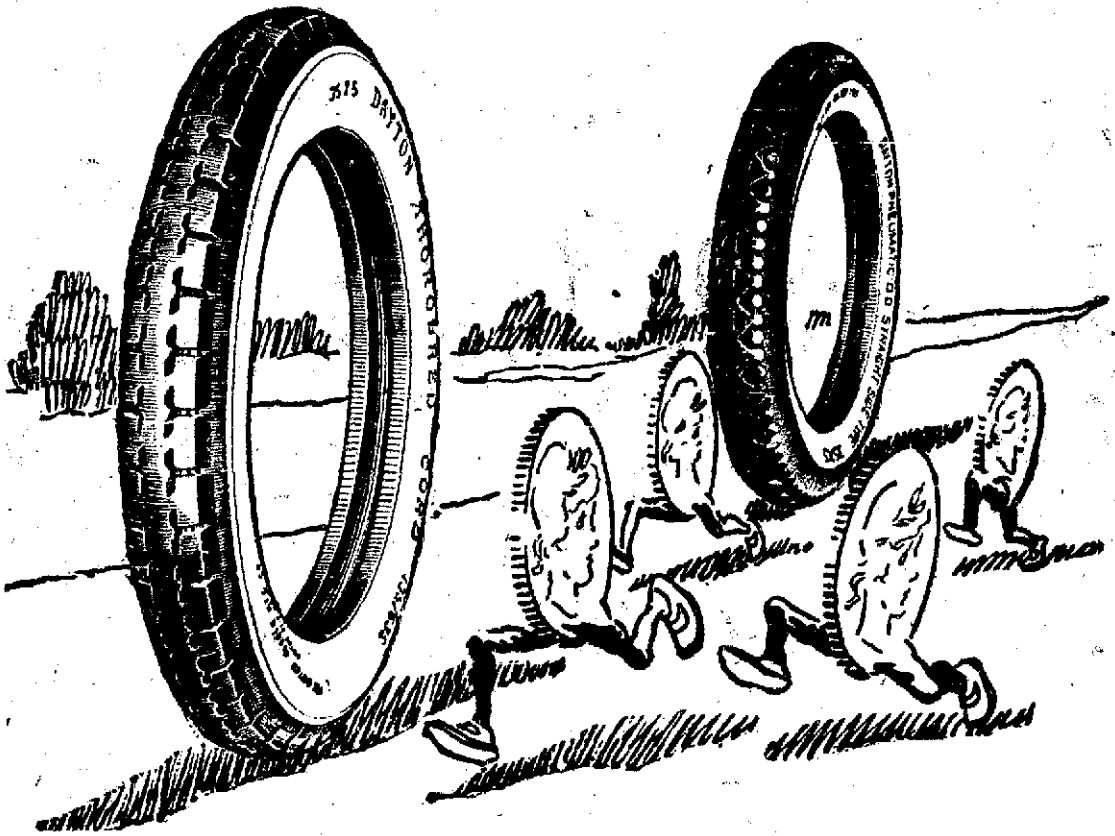

METHODS ADOPTED

Their method, according to their confessions, was to credit deposits by patrons in the past books but not on the books of the bank. When withdrawals were made by customers whose deposits had not been properly recorded, amounts necessary to meet the withdrawals would be transferred from the account of a larger depositor. This necessitated the maintenance by Kerby and Ransom of a detailed record of each transaction. Both said they followed this practice for more than four years.

BOOST IN FARM PRODUCTS SEEN

Increased Consumption Will Raise Prices, Forbes Thinks

LIKED TO CASE OF SUGAR
Agriculturists Hard Hit by Labor Shortage

(BY B. C. FORBES)
NEW YORK. (Special) — Not so very long ago Earl D. Bahr, head of the largest sugar refining company in America, had his floor covered with charts to give a vivid picture of the enormous oversupply of sugar and the unusually low price level. The whole sugar industry then was in the dumps.

But what happened?
The low prices revived the consumption after it had been greatly curtailed by the abnormally high prices. The increased consumption ate into the large supplies to such an extent that prices began to move up briskly.

Perhaps the recital of this development may hearten at least a little our millions of grain growers.

Without question, the weakest feature of our present business prosperity is the restricted purchasing power of our thirty or more millions interested in agriculture.

Altho the general price level, the cost of living, is some 12 per cent above a year ago, current wheat prices are about 17 cents below what they were twelve months ago, notwithstanding the recent substantial advance.

True, corn brings almost 20 cents a bushel more than it did at this time last year and oats are also worth distinctly more. Rice, on the other hand, is 20 cents lower.

Disatisfaction, naturally, is rife throughout the grain growing states.

Farmers are beginning also to become uneasy over the threatened scarcity of agricultural workers this year. Incidentally, it is entirely possible that this situation may be supplied by the influx of Indians to Washington to take steps to modify the present restrictions on immigration.

Just what is the outlook, as the brainiest and most experienced grain men see it?

I was fortunate in getting into touch the other day with one of the foremost authorities on the subject in America, and here are some of his statements, which he took pains to make carefully and deliberately:

The agricultural outlook appears quite complicated. First, there is no doubt but that the price of agricultural commodities is too low based on costs; but it rather looks as if this situation may be helped unless there are crop failures which, of course, is extremely undesirable.

"The great trouble seems to be more with the cost of everything the farmer buys. Lack of immigration has so curtailed labor that the cities have drawn from the farms and caused the farmer to pay high wages. This labor scarcity causes an increase in the cost of producing all manufactured articles, the cost of operating railroads and other utilities. All this means an increase in the cost of living in the cities, which must in turn, be met by increased wages.

"Result—the non-agricultural sections have to keep putting up the cost of everything they buy.

The farmer, on the other hand, is rather helpless to put up the price of any of his products if they are products which are going abroad, for the reason that he is competing with the whole world and the balance of the world is making the price.

"I am now especially alluding to grains. Argentina and Canada have large surpluses. India also has quite a surplus. Rumania and parts of Northern Africa also seem to be coming in with more or less grain to sell. On top of this, Russia seems to be coming back in an agricultural way. She has sold quite a lot of grain so far this spring for export, and from all reports, apparently has largely increased her surplus of winter grain. Her crop prospects are pretty good, so that no doubt in the early summer, Russia will have quite a lot of stuff for export.

"All conditions considered, the farmer has been lucky and rather wise. To begin with, early in the season when he started to move his large crop, the coal strike and the machinists' strike caused a scarcity of cars, and he could not get enough grain to the markets to take care of the demand. This caused a good, steady advance in prices. On this advance, the farmer has been very wise; he has sold large amounts of stuff—every time the market advanced, he has sold and he has been very fortunate in having the speculative public buy the futures.

"There are a large number of speculators who figured grain should advance therefore, they have bought these futures at high prices—that is, high compared to last summer's prices. So far the speculators who bought those futures, which represent hedges by cash grain handlers who have bought cash grain from the farmers and are holding it in warehouses having the futures sold, are hopeful they will get a profit, whether they will or not is hard to say. There seems to be a surplus of grain in the country, and it will have to be carried over to the new crop by some one.

"If the speculator who is long of this surplus grain changes his mind and begins to sell out, there might be a bad decline. It is should come before the new crop is harvested, it would no doubt, allow this surplus to be worked off, exported and used up, and then we would have a new crop, but if the speculator does not liquidate and wait until the new crop comes—with present conditions together with Europe and other countries having a surplus as well, it looks as if we might have rather low prices."

DELPHOS NEWS

RUNAWAY TEAM IS THRILL MAKER

Horses Stage Mad Dash Through Delphos Streets

Federations on the downtown streets of Delphos Friday afternoon were given a real "Main-st thriller" when a team belonging to Steve Reindel, residing four miles west of Delphos, dashed madly thru Main-st with several auto loads of Delphosians in hot pursuit before being brought to a stop when they ran into a tree.

The team was hitched at the rear of the Delphos Equity Exchange, E. Second-st, when they became frightened by a passing train and ran out into Main-st near the postoffice. They turned south and crossed the tracks of the Pennsylvania and Cleveland railroads, to a point near Sutherland, where they crossed a vacant field, with the autos still in pursuit.

At this point they ran over a buggy, the property of James Kiggins, crushing the vehicle with the heavy farm wagon they were pulling. The team then swung in a circle, hitting a disk, which had been left in the field, breaking up the wagon.

One of the horses fell in the field and the occupants of the car in the lead of the pursuers, attempted to hold them. The team again got away and executed several turns around street corners in the vicinity of the field, and started back up Main-st, with the front of the wagon still holding together.

They did not come to a stop until they ran headlong into a large maple tree, seriously injuring one of the animals.

Delphosians not interested in the chase had several close calls from being run down by the team at street corners.

HIGH TEAM WINS THIRD VICTORY

Delphos Defeats Gomer—Girl Injured by Batted Ball

Delphos high school baseball team won its third victory of the season with scores over 20, Friday afternoon, when they defeated the Gomer high school team by a score of 21 to 12.

The outstanding feature of the game came in the sixth inning, when Evans poked a home run, with three men on bases when the score was 11 to 9 in favor of the Gomer team. During the next two innings the Delphos players outdid themselves by bringing in eight more runs, in addition to the four scored by Evans' home run. Evans also succeeded in getting two three-runners in one double during the game.

A ball hit along third base line by Foster Spellman struck Miss Ruth Barber on the head. She was picked up in an unconscious condition and taken to the office of a physician, where she later regained consciousness.

The line-up was as follows: Holmes, pitcher; Judkins, catcher; Lisk, first base; Shaffer, second base; Higgins, third base; Evans, S. Spellman, left field; McDonald, center field; Hummer, right field; Holmes for McDonald, Shaffer for Evans, Evans for Holmes, Spellman for Shaffer.

AUGLAIZE-CO MAN ADMITS PASSING FORGED CHECK

Bernard Copeland, alias Leonard Speaker, R. D. 9, Wapakoneta, pleaded guilty Saturday to a criminal court to a charge of forging and passing a worthless check for \$40 on the Harvard Store.

He was bound over to the Allen county grand jury, under bond of \$500. He had purchased a suit of clothes and hat from the Harvard store.

START ADVERTISING FOR CITY HALL SALE

Advertisement for bids on city hall, in accordance with the ordinance passed March 5, began Saturday. Bids will be received until May 29.

Estimates of the value of the property vary from \$100,000 to \$300,000. The lot has a 100-foot frontage on High-st and a 150-foot deep.

The bidders include two local banks, it is reported.

PLANS COMPLETED FOR MUSICAL AND ORATORY CONTESTS AT DELPHOS

Final arrangements have been completed for the Delphos high school musical and oratorical contest to be held Wednesday, April 25, at the school auditorium.

Five seniors have entered the oratorical contest, the winner to be sent to Kenton, May 11, to compete in the Northwestern Ohio Oratorical contest. All pupils of the high school will compete to decide who will represent Delphos high school at Van Wert on Friday, April 27, at an all-student to be held there on that date.

The program for Wednesday is as follows: Song by boys' chorus, "Southern Goodies"; oration, "Challenge of America's New Day," by Margaret Williams; competition, alto solo, "My Ain Folk"; oration, "The Coming Citizen," by George Moorman; competition, tenor solo, "Down"; oration, "Makings Life Worth While," by Clair Shaffer; competition, girls' trio, "Swing Song"; competition, bass solo, "Till the Sands of the Desert Grow Cold"; oration, "The Essentials of Modern Progress," by Earl Valentine; song, girls chorus, "Down in the Derry Dell"; oration, "Problem of the Colored Race," by Otto Wortman; competition, boys' trio, "Just a Song at Twilight"; competition, soprano solo, "Until"; competition, mixed quartet, "Our Souls Are Thine, America"; song, mixed chorus, "Star of Descending Night."

DELPHOS MAN LOSES IN SUIT FOR SUM OF \$8,000

A verdict of no cause of action was brought in by a jury in common pleas court called to try an \$8,000 suit filed by L. E. Barman, Delphos, against man again Carl Lange.

Lange was formerly owner of the garage now owned by Barman, and disposed of it to the plaintiff for \$16,000. Barman alleged he lost money on the transaction. He instituted suit on the ground that he had been lured into the deal by misrepresentation.

Intermediated that the Volstead act shall be enforced, the plaintiff is ready to use any means at his command to end the rum running which he regards as the most menacing phase of the "national scandal" of liquor law violations. He is expected to announce his program early next week.

Just how far the navy will go in smothering the smugglers could not be learned today in advance of the official announcement of the government plan.

DETERMINED ON TEST
Harding believes the navy can clear the rum fleet out of the twelve mile zone off shore, if proof is obtained that the vessels anchored within that zone are violating American law by sending liquor within the three mile zone. Whether his advisers agree with Harding is not known. Harding is in charge of the matter. He is determined to make a thorough test of the government's power.

It was intimated today in official quarters that a diplomatic understanding had been reached which would permit the navy to push the rum fleet as far away from the shore as it would be impossible for small boats to transfer their cargoes. This, however, state department officials and the White House declined to discuss.

Secretary Hughes is understood to believe that naval vessels can go outside the three mile limit in pursuit of rum ships if they are within the three mile territorial zone.

Whether or not the navy will function as such or will be put under command of prohibition agents is another point which officials declined to reveal.

NAVY TO BE SENT ON RUM FLEET

Harding Prepares War Against Coast Runners

WILL TEST POWER OF U. S.

Full Program to be Announced Next Week

WASHINGTON. (United Press) — President Harding is going to call into play against Atlantic coast rum runners the full power of the navy, it was learned today on high authority. War to a finish against the "rum fleet" of small boats that run liquor from the booze area made to waiting trucks on the Jersey shore, is expected to be declared within a week. Swift navy submarines and cutters with guns mounted probably will be used, it is learned.

Intermediated that the Volstead act shall be enforced, the plaintiff is ready to use any means at his command to end the rum running which he regards as the most menacing phase of the "national scandal" of liquor law violations. He is expected to announce his program early next week.

OTTAWA NEWS

PUTNAM-CO TEAM IN CLOSE RACE

Ottawa Noses Out Columbus Grove by Margin of One

Ottawa high school nosed out Columbus Grove Friday afternoon by the smallest possible margin at Columbus Grove. The score was 5 to 4 and Columbus Grove almost forced the game to extra innings by staging a rally in the last frame.

Dunn, elongated sorrel-top, plucked a steady and effective game for Ottawa, altho allowing one more hit than the two Grove hurlers. Doty was retired by R. Teegarden in the seventh.

Stauffer's circuit clout to right in the first inning proved to be the winning smash. Penberg had hit thru second, Sutton and Herknehus went out on easy chances and Recker was safe at first on Herknehus's choice. Then Stauffer did the Babe Ruth act, scoring Penberg and Recker ahead of him. Ottawa scored in the second when Quinn was hit, advanced on an error and rode in on Dunn's smudge. The visitors got their final tally in the sixth.

It was not until the fourth inning that Columbus Grove scored. Lafferty was safe on Recker's error and advanced on a wild pitch, then R. Teegarden's hit scored him. The Grove team annexed a fair in the fifth on singles by Kissell and E. Doty and Lafferty's double. A muff by Herknehus and Turner's one-ply smug gave them the fourth tally in the sixth.

It was given good support. Ottawa fielders played air-tight ball in the pinches. Every visitor except Herknehus got a hit. Turner, Lafferty and R. Teegarden were the heavy artillery for Columbus Grove. Lafferty threatened to tie the score in the ninth, when with two gone he singled to right, but L. Teegarden's ground offering was scooped by Stauffer, ending the game.

Ottawa will go to Leipsic Friday. Following are the figures:

SOUTH OHIO FRUIT HIT BY FREEZE

March "Nipper" Gets it—Farmers Are Busy as Bees

Allen-co fruit growers may profit later on by the fact that fruit in the southern part of the state is said to have been seriously injured by the severe cold the last two days of March, H. J. Riffe, Allen-co agent, said Saturday.

Reports received from the state university fruit specialists regarding eight counties in the southern portion of Ohio, declare that serious injury was done to peaches, cherries and various varieties of early apples. Several agents in river counties reported peaches entirely wiped out by the freeze.

Commenting on the situation, Riffe declared that fruit in Allen-co was never in better shape and prospects are good for a bumper harvest. Cold weather during the bud forming period retarded development to such an extent that the fruit was not far enough advanced to be injured by the later cold weather.

Stock shipments for the last 40 days have averaged a car a day, Carlos F. Mertz, manager of the Allen-co Live Stock Shipping association, said Saturday.

This week a carload each went to Erie from the following places: Lafayette, Spencerville, Cairo and Beavertown. Kept sent out two cars.

Rush of farm work cut down the attendance at the Conant Farm bureau meeting Friday, County Agent Riffe said Saturday. Many farmers are working overtime in corn and soybean planting which has been delayed by unfavorable weather conditions.

MOVIE ACTRESS BECOMES BRIDE OF DIRECTOR

LOS ANGELES, Calif.—Marjorie Daw, motion picture actress, and Alfred Edward Sutherland, screen actor and director, were married last night. They postponed their honeymoon because of press of screen engagements and were back at work making pictures today.

"Although they had been close friends for years," their romance was of comparatively recent date, so recent in fact, that few knew of it until they received invitations to attend the wedding last night at the Berkeley Hills residence of Douglas Fairbanks and his wife, Mary Pickford.

FRIDAY NIGHT THIEVES GET TWO AUTOMOBILES

Two automobiles were stolen in Lima Friday night, according to report to local police.

One is a touring car belonging to T. Harruff, 335 S. Pine-st., which was taken from McDonald and Harruff. It is valued at \$1,000. The other is owned by W. A. Grayless, 829 W. High-st., taken from the business district.

Pt. Wayne police notified local officer that a coupe had been stolen from that city. All the cars were moved before 10 p. m.

NAME OF SENATOR ACCUSED IN BRIBERY IS DEMANDED

NEW YORK — Wayne B. Wheeler, general counsel of the Anti-Saloon League, demanded today that the Rev. Father John L. Belford, of Brooklyn, who said recently he had heard that a United States senator had received \$150,000 for voting for the eighteenth amendment, furnish the proper authorities with the name of the senator.

"Mr. Wheeler needs no information from me," Father Belford declared. "He can get it from his own people. I believe they know more than I do about the members of congress whom they induced to vote for prohibition and if money was used to induce them."

NEGRO IS SOUGHT IN SHOOTING

Woman. Wounded in Hip, Says it Was an Accident

Rose Johnson, 34, colored, 146 Lafayette-st., was recovering Saturday from a bullet wound, which she told police was inflicted accidentally by Tom Nelson, 40, colored, late Friday.

Police are searching for Nelson, who disappeared immediately after the shooting took place in the kitchen of the Johnson home where he was living, according to the woman's story.

The bullet cut the left thigh but the woman was not seriously injured.

Police received a report that a man had shot a woman at the Lafayette-st. address and investigated immediately. Mrs. Johnson declared the shooting was accidental and that they were only "fooling."

Later in the evening another report was received that Nelson was hiding near the Ohio Steel Foundry, but a search of the neighborhood by Police Chief Lanter, Sergeant Grant and Officer Hamilton failed to locate him.

YAMALO PLANS APPEAL FOR AID OF RUSSIANS

Members of the campaign committee of the Yamalo club will give two minute talks before the Lions, Rotary and Kiwanis clubs next week in connection with the clothing campaign for Russian students. It was decided at a meeting Friday evening at the "Y."

The drive for clothing starts Monday. A huge box will be placed in the Y M C A hall to receive all contributions.

W. B. Davison is chairman of the committee of two which will supervise the work of collection.

SUSPECT TAKEN IN HOME INVASION

Mrs. Edwin Timmermeister Menaced by Man With Gun

William Johnson, 25, colored, of 1311 W. High-st., was held by police Saturday for questioning in connection with the entrance of a man into the home of Edwin Timmermeister, 320 Rosedale-av., Friday night about 10 o'clock.

Mrs. Timmermeister was downstairs in the rear part of the house and her husband was on the second floor. A masked man entered thru a rear window of the home, armed with a revolver.

When she saw him, Mrs. Timmermeister screamed. Her husband ran down stairs and the man, police believe, was a "pepper" fled.

Officers Dick Watkins and Willie Kiphet went to the scene on the police motorcycle. Chief T. A. Lanter followed in an auto accompanied by Sergeant McCoy. Watkins and Kiphet found Johnson. As Watkins threw the motorcycle headlight on him, he reached for his gun, police say. Johnson was taken to headquarters.

Roy Evans, 427 S. Woodlawn-av., reported to police Saturday that a negro wearing a light cap and without an overcoat was on his porch Friday night, but the intruder ran when he heard a noise within the house. This is within a short distance of the Timmermeister home.

Mrs. Johnson, 25, wife of the man held in connection with the case, was locked up and charged with disorderly conduct Saturday morning when she went to the police station to see her husband. She called police officers names, they said.

She departed, but soon returned and resumed abuse of officers, they say. Then the woman was locked up.

THREE JUDGES NAMED TO HEAR TRUBEY CASE

Three judges will sit in the trial of R. R. Trubey, assistant prosecuting attorney, when the case comes to hearing in common pleas court May 14.

The jurists are Judge Jewell, Delaware-co; Judge Shell, Fairfield-co and Judge Worley of Harrison-co. Appointment of the trio was made by Judge Carrington T. Marshall, of the Ohio supreme court.

Trubey is to face charges of blackmail and extortion, under the head of misconduct as an attorney and official.

A committee composed of Ira R. Longworth, George H. Quail and James J. Wendock, is to prosecute the case.

LAD'S REQUEST IS BEYOND HARDING

Boy Appeals to President in Ambition to be Cop

YORK, Pa.—(Associated Press)—There are some things that even the president can't do—at least and preserve the dignity of his high office.

Walter Dickinson, seven-year-old son of the Rev. Dr. Walter Dickinson, of York, learned this today and his prodding ambition to be a policeman went the way of most boyhood dreams.

The other day when he was refused a job on the York force he resolved to appeal to a higher authority, his cousin. And in this case his cousin happened to be the president of the United States. President Harding replied promptly: "Dear Walter—I am afraid the

York authorities would be doubtful about the right to intrude in this matter.

"I feel sure that a boy as big as you are ought to be thoroughly competent but it is a little hard to get the regulations in such matters waived."

"I think the best thing for you to do is to wait until you grow about two feet taller and then you will probably be able to get on the force if you still want to do so."

DRY LAW INVESTIGATION CALLED DISGUSTING FARCE

NEW YORK—An "honest" legislative inquiry of his charges that the state prohibition law has debauched the police force of this city and caused "an orgy of graft, perjury and corruption," is urged by Magistrate Joseph E. Corrigan, in a letter to the newspapers today. He writes that the inquiry now being conducted by David Hirschfield, city commissioner of accounts, is a "disgusting farce."

CAPTAIN STRICK SHOWS 'EM IN TARGET TEST

Police Captain George Strick showed the police a little bit of shooting late Friday when he made a score of 81 out of a possible 100 in the weekly police shoot.

Among the policemen who are shooting to win a silver cup, Sergeant Grant led with a score of 68. Others making 40 or better were: Officers Keller, 57; Clapper, 55; James, 55; Watkins, 49; Laughlin, 46 and Ramsey, 40.

DOUBLE FIRE BING

Sparks from a locomotive started a blaze which burned rubbish in the yards of the Lima Steel Castings Co., late Friday. Firemen were just returning from the home of Anna Killman, 130 E. Kibby-st., when the alarm at the factory was sounded. The fire at the Killman home was started by a lighted match in a paper basket. No damage.

PEERLESS

? MYSTERY ICE CREAM BRICK ?

For two weeks you have heard nothing but "What's in the Peerless Mystery Brick?" Everyone in Lima has wondered and it would seem as though every family in Lima had voted on what Mr. Komminsk had written on that mysterious sheet of paper he deposited in the First National Bank the day the contest opened. The secret of the THREE FLAVORS in the Mystery Brick is solved.

HERE'S THE ANSWER:

- ? CHERRY - - - - ?
- ? LEMON - - - - ?
- ? ORANGE ICE - - - ?

Phone Your Order To Your Dealer Now

There is such a big advance demand for PEERLESS Mystery Brick that we have doubled and redoubled our production of this wonderful brick. Early indications are that unless you phone your order in EARLY—VERY EARLY—your dealer may be out of this brick before he gets your message. So PHONE EARLY. This brick is the triumph of our efforts to give Lima the very finest Ice Cream made anywhere

on earth. Our new HEATHIZED ICE CREAM is being highly complimented by users and dealers. It is made WITHOUT air by the Heath method, which substitutes an atmosphere MANY, MANY TIMES PURER THAN AIR in the freezers. If you don't know PEERLESS ICE CREAM, this is a good chance to taste it. Order a brick now from your dealer for your Sunday dinner.

GREATEST VOTING CONTEST IN LIMA'S HISTORY IS PROOF OF POPULARITY OF THE WHITE MOUNTAIN DAIRY COMPANY'S NEW HEATHIZED ICE CREAM

The voting contest broke all records. The votes have all been checked, but they have not all been counted; yet we estimate they have already reached the enormous number of OVER 50,000 VOTES cast in this contest. No voting contest ever held here—according to newspaper statistics—has ever

brought out such a flood of votes: This testifies to the popularity of PEERLESS NEW HEATHIZED ICE CREAM. It is the greatest tribute ever rendered to a food produced in this city. Following is a list of the lucky ones who will enjoy Sunday Ice Cream Free for a year as a result of their correct guessing of the three flavors in our Mystery Brick:

PAUL PRY

HERE'S our old friend, Paul Pry, the chronic snob, suspecting a fine statue of the great Abraham Lincoln to see if he can find a flaw to complain about. In drawing this pen-picture, Artist Satterfield symbolizes one of the meanest of human tendencies.

Why is it that most of us, whenever we see something attractive, immediately begin to look for defects? The greater and grander the thing or person we are examining, the more closely we search for a flaw to justify a complaint.

The whole field of narrow-minded criticism is based on "picking holes in it."

An actor does a wonderful bit of work on the stage. Unable to find fault with the acting, some people resort to complaining because he stepped out of his character to make a certain speech. A great man in public life has to be constantly on his guard. The least slip, however, thoughtless—and the Paul Pry family is after him.

The greater the man becomes, the more closely he is watched for a slip, and the more distressing the slip seems. David Gibson, business writer, once commented: "The tree of much fruit gets the most clubs."

In forever finding fault about trivialities, we waste a lot of time and make this life miserable in varying degrees for others as well as ourselves.

Enjoy the statue. Forget the flaw.

OUR CITY IS GROWING, TOO

Statistics down at Washington have been estimating the population of various large cities of our country recently. They have found a big increase in most instances, but have not reached the smaller places, like Lima in their figuring.

It is not necessary for a Census Bureau statistician to come here to prove that Lima is growing. All that's necessary to convince yourself is to jump in the old fitter and drive about a little. You will be surprised when you get out to the sections you knew as weed fields only a few years ago to see them building up solidly and the chorus of carpenters' hammers tells the story of activity in every quarter.

This city is erecting many houses this year, but there will not be enough. Only occasionally is there a house advertised for rent now, and for every one so advertised there are fifty applicants. The problem of housing the families which will come here to fill up the vacancies made in expanding factories and the new ones being started is the biggest the city has to solve today.

It is a wise man who makes provisions for a roof for the months to come. Those who are renting from month to month are in a precarious situation with prospective buyers grabbing at houses. The safest bet is to invest in real estate and watch it grow in money faster than is possible in any other line just now.

GERMANY'S POPULATION

GERMANS must love misery. Only 36,536 of them left their country as emigrants last year, Berlin announces. A large majority of them came to America.

Germany's population now is 67 millions, despite war losses, compared with about 63 millions in 1913. Important military statistics.

Ex-Kaiser has abandoned his hucksaw for a buzzsaw, maybe because he likes monkeying with buzz-saws.

YOUR SUNDAY SCHOOL LESSON

Prepared for The Lima News by Rev. Hugh T. Stevenson

Moses ranks as one of the world's greatest personalities. It was not until he had reached his eightieth year that the slumbering genius of this great soul was aroused by the call of God to become the liberator of his enslaved countrymen and founder of a nation. The child of a despised foreigner had been providentially preserved and prepared for his task.

Four hundred years after the days of Joseph, there ruled over Egypt a Pharaoh whose attitude toward the Hebrews proved that he knew not the preserver of Egypt from the perils of famine. His policy toward the compact community of Hebrews was like that of Ferdinand and Isabella.

MOSES: LIBERATOR AND LAWGIVER
Exodus 2:1-19; 25; 32:1-33:23; Deuteronomy 34:1-8.
(A Survey of Moses' Life.)
Golden Text—Fear ye not, stand still, and see the salvation of Jehovah—Exodus 14:13.

belit towards the Jews, and of the Duke Constantine of Russia toward the Moslems. Pharaoh considered that these foreigners, who kept their fathers' speech and religious faith that gave them hopes of some day becoming a free and mighty nation, would be a dangerous element in case of war with either Syria or Arabia. He attempted to crush the spirit of the industrious and frugal Jews, whose prosperity had filled others with envy, by drating them as field laborers under harsh taskmasters, limiting their offspring by destroying all males and thru intermarriage remove the source of national peril.

It was a son of these despised foreigners whom God providentially saved and had trained in all the customs of the court until he was "learned in all the wisdom of the Egyptians" and "mighty in words and deeds." That he called to be the liberator of his people, forty years before God called him, Moses had deliberately refused the opportunities presented to him by his court connections so that he could free the oppressed of his own race. He had sought to assume the leadership before God's time. He needed the experience of the desert and solitude before he would be fitted for his life work. His impulsiveness of will and forwardness of self assertion had to be tamed in fellowship with God, which he found during his forty-

years as a shepherd in the desert after he fled from Egypt when he feared the wrath of Pharaoh, because he had championed the oppressed and defended them in a contest with an evil taskmaster. There is no discipline for a soul that can equal the schooling of solitude. The world's greatest men have been filled with power and spirit in their solitary communion with God.

THE LIBERATOR
Many men would be expecting a call to their heavenly home at the age when Moses was summoned by the Lord to become the liberator of the Hebrew slaves. It takes a divine call to arouse men to undertake a service of mercy for the oppressed. Our Lord usually calls men when they are alone so that He can endue them with power and send them forth full of faith to do His word for the down trodden and needy. Moses argued that he was not qualified as an orator or soldier. Many, who have been called of God into His service, have found their powers only by doing His will and work.

The lonely shepherd during the solitary hours, that he spent watching the flocks had reviewed his training in Egyptian political principles and life. He needed only the revelation of Jehovah's character to go forth on his mission. God revealed Himself to Moses so that he realized that the simplicity, unity and self-existence of Jehovah was exactly opposite the idolatry of Egypt that was leading his countrymen astray. Filled with the significance of the divine revelation given to him and of how the Almighty and everliving God could use the most commonplace in His service the foremost prophet started on his matchless career that revealed his unique power as a thinker in religious and political lines.

He had to arouse the spirit of the oppressed slaves and fill them with confidence in his leadership and faith in the Lord, who a servant Moses professed to be. In that endeavor, he had the assistance of his brother, Aaron, who had met him by divine appointment and his sister, Miriam, who appears to have been the first to take an active part in the public affairs. When the slaves had been filled with the courage born of religious conviction, Moses had to secure the permission of the government for their departure. In this God gave him power so that thru the plagues that afflicted the Egyptians but from which the Jews were immune that he forced Pharaoh to consent for them to depart. The Passover sacrifice, which is still commemorated by the children of Israel thruout the world, recalls how their freedom was

A Message to Mothers

YOU know the real human doctors right around in your neighborhood; the doctors made of flesh and blood just like you: the doctors with the souls and hearts; those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Genuine Castoria always bears the signature of *Dr. H. Fletcher*

THE LAWGIVER

During the next forty years Moses becomes the dominant figure both according to the traditions of the desert and the record of their wandering. It was no easy task for Moses to unify all the various tribes and clannish into a united nation. Only two of the adults survived the years of formation, when Moses as the founder of the nation laid broad and deep the foundation for the nation's moral, religious, political and civic life. They lacked the faith essential for them to take the land that God had promised their fathers. Moses had to cultivate and train them so that they possessed the confidence in Jehovah's purpose and power needed by them to win. He had to implant in their life a faith in the holiness and power of God under whose love and leadership thru Moses they had been called into a national existence and thru whose grace they could live as a united people. It was not failure, but incompleteness that He has been carrying ever since. Workers passed on but God's work is carried on and will be until it is finished. God gave Moses a victory of his faith and the triumph of his efforts, which He would finish after death came to the great liberator and lawgiver. We all move towards the perfect day when the tasks we have started will be finished and we shall be satisfied in His presence forevermore. Let us have a faith like Moses so that we can without fear, "stand still, and see the salvation of the Lord" not only in the hour of trial but when our day's work is done.

He revealed his power as a leader in the skill with which he controlled and upheld "the recesses" to which the taste of liberty inevitably leads a people just emancipated. Russia has furnished a recent example as to what these recesses are apt to be while France has furnished an illustration also in the dark days, that followed her first attainment of liberty, as to what these recesses may mean. He provided the code of laws for their government as individuals, tribes and a nation. He laid the foundations in the laws that he gave to the recently emancipated slaves for many of our modern laws, that can be traced in

JUNIOR CITY BASKETBALL CHAMPIONSHIP AT STAKE

7 Teams In Tourney At "Y"

Junior basketball teams of Lima were competing Saturday in the second annual tournament staged by the Y. M. C. A. here.

Seven teams were entered and games were to be played late Saturday afternoon and evening.

Entries for the affair closed at 9 o'clock Wednesday evening at which time there were seven quintets lined up for the start.

South Hi Juniors, Central Freshmen, Grace M. E. Juniors, Lima Blue Jackets of South Hi, Cubs, Lima Shooting Stars and the United Brethren team were all ready Saturday to capture the junior city championship.

Physical Directors Maxwell and Armstrong were to officiate in the tournament games. The afternoon games were to be shorter than the official time in order that the younger boys will not be under a strain and feel ill effects from the playing.

The final game of the tournament was scheduled for 8 o'clock Saturday evening. All the contests will be played in the association gymnasium.

FOOTBALL AS BUILDER OF REAL MEN

(BY HENRY L. FARRELL)

NEW YORK—Some of those who hold that football does not warrant the important place it holds among college undergraduates should stop and ponder over a few words spoken by Percy Haughton when he took over the coaching job at Columbia:

"It will be my purpose to teach the men what they should learn in order to better prepare them for life after they leave the university. If I can do that, if I can contribute toward qualifying them for the finest type of citizenship, I will be satisfied."

Football, as it is being conducted now at many of the major universities, is far removed from the old game in which the main essential was considered to win at any cost.

Tad Jones has had several disappointing seasons with the Yale football team. Old grads yelled for his scalp and critics said he spoiled wonderful prospects, but Jones holds on.

SUCCESS

He said he felt that he had succeeded in a vastly more important mission in that he had sent out on the field a team of gentlemen, a team of fine sportsmen and a bunch of boys who were being trained under the most trying conditions to act the same way in after-college days.

It will be remembered that Charley Buell, the guiding genius of the Harvard team, went into the last game with Yale in a very bad physical condition. One or two hard falls would have removed him from the lineup and it had been proved earlier in the season, if it needed proof, that Harvard was not the efficient football machine without Buell that it was with the smart little general in command. Instead of playing the old game of "getting him out," the Yale players purposefully "went easy with him" and they lost the game.

BABE RUTH DEDICATES NEW YORK STADIUM WITH HOMER

Scene: New Yankee Stadium, New York, largest baseball plant in the world. Time: First game of the season, third inning. Two Yanks on base and Babe Ruth, Behemoth of Swat, at bat. Two balls and two strikes. Ehmk, Boston pitcher, tries a low heater on the outside. Bam! Babe baptizes the new right field bleachers with fire. Above you see part of the 74,200 fans in the new stands. And you see Ruth trotting in after his prodigious swat, with Umpire Connolly looking back to see that he touched the plate.

INDIANS WIN THIRD FROM WHITE SOX

2 CARD OF THANKS

WE desire to thank the doctors and the staff who have so kindly and efficiently treated the illness and death of our son and daughter, all for whom we are deeply indebted. The funeral was held at the home of the deceased, and the burial was in the cemetery. The services were conducted by the Rev. Mr. J. H. Smith. The family is deeply indebted to the Rev. Mr. J. H. Smith for his kind and sympathetic ministrations. The family is also indebted to the friends and neighbors who have so kindly sympathized with them in their bereavement.

NEW YORK—Operations for the decline were successfully conducted in Saturday's brief but active session of the stock market. High grade railroad shares which previously had offered strong resistance to selling pressure, dropped 1 to 3 points. Sharp recessions also were noted in the industrial groups, particularly in the equipments, steels, oils and motors. There were a few isolated points of strength, Pan-American being run up three points and some of the sugar shares moving to higher ground on additional reports tending to confirm a shortage in the Cuban crop. The closing was heavy. Sales approximated 675,000 shares.

WHEAT GOES UP TO \$1.25

Early Slump Followed by Advance—Market Unsettled

CHICAGO—Rain, benefiting the winter crop led to price downturns in the wheat market Saturday during the early dealings here and likewise did lower quotations at Liverpool. Commission houses were the principal sellers. Buyers remained scarce until prices showed a setback of about three cents from recent top figures. The opening, which varied from unchanged figures to 5-8 lower with May \$1.24 to 1.24 1/4 and July \$1.21 7/8 to 1.22 1/4, was followed by a moderate drop all around and then something of a reaction.

Corn developed independent weakness as a result of free selling ascribed to speculative sources. Values started 1-8 to 3-4 lower, May 78 1/2-8 to 78 1/2-1 and later showed further declines. In oats the initial prices were unchanged to 3-8 down, May 45 to 45 1/2. Declines afterward became general.

Provisions lacked support. Wheat prices closed unsettled, 1-4 to 3-4 net higher with May \$1.24 7/8 to 1.25 and July \$1.22 1/2 to 1.22 3/4. The corn closing was unsettled at 1-8 to 3-4 net decline, May 78 1/2-8.

TOLEDO—Wheat, cash 137 1/2 to 138 1/2; May 137 1/2 to 138 1/2; July 137 1/2 to 138 1/2. Corn, cash 54 1/2 to 55 1/2; May 54 1/2 to 55 1/2; July 54 1/2 to 55 1/2. Oats, cash 34 1/2 to 35 1/2; May 34 1/2 to 35 1/2; July 34 1/2 to 35 1/2. Rye, cash 84 1/2 to 85 1/2; May 84 1/2 to 85 1/2; July 84 1/2 to 85 1/2.

EXECUTORS NAMED IN LAUSE \$12,000 ESTATE

Lewis H. Lause and Frank Moenter, were named joint executors of the estate of Fredrick Lause, late of Delphos, in probate court Saturday. No bond was required. The appointment carries out nominations made in the will. Terms of the instrument probated Saturday give Mrs. Mary Lause, wife of the decedent, a life estate in the personal and real property, after two small bequests are satisfied. Value of the estate is listed as \$12,300. Provision is made in the will for distribution of the property among the children after Mrs. Mary Lause's demise.

Two special bequests made are that \$150 be paid to the pastor St. John's church of Delphos, and that \$100 be set aside for the purchase of a monument for the decedent.

FORECLOSURE SOUGHT ON PROPERTY SECURING NOTES

Action to foreclose on lots in Rosedale-av. owned by Sylvia Bryan, John Bryan, Gail Griffith and Beatrice Griffith, mortgaged as security on notes amounting to \$4,822, was instituted in common pleas court Saturday.

The lots are located in 232 and 233 Rosedale-av. The Allen-Co. Loan and Savings company and the Franklin Finance company are made defendant to the action because they hold liens against the property.

OFFICERS SUSPENDED

CLEVELAND—Police Lieutenant Charles Kinsling and Sergeant J. C. Sarant were suspended on charges of having alcohol in their homes.

THREE COLLAPSE IN DANCE TEST

(Continued From Page One)

then a record of 57 hours, were still on their feet today. One of the remaining contestants is Aubrey Gilbert, a marine from Clarkside, Miss., who was pronounced in "fighting form" by marine officers from the barracks here who examined him last night and told him not to report until he had been examined by the medical officer. Gilbert, former cavalryman, now has the floor to themselves at the larger hall where 26 started.

VIRGINIANS IN CONTEST

NORFOLK, Va. — (Associated Press) — The endurance dancing record for couples of 57 hours and 20 minutes established this week at Cleveland, Ohio, was shattered here last night by Eleanor Taylor and Charles H. Myers of 21 minutes. Starting at 11 o'clock Wednesday, they separated at 11 o'clock last night with a mark of 57 hours and 41 minutes.

After a ten minute rest on separating each took a fresh partner and continued the shuffle. Myers looked haggard and weary but Miss Taylor put new life into her feet as she set out in the hope of beating the ninety-hour and ten minute record of Miss June Curry of Cleveland. If she holds out, a truck loaded with a phonograph will take her to a private home at midnight tomorrow, the police having announced that the contest at a dance hall would be halted at that hour.

HUSBAND HELD IN PHILLIPS ESCAPE

(Continued From Page One)

Teruelgala where it is most recently reported that Clara has been in company with a Mr. and Mrs. Carson. She is one of the most remote sections of Central America. It is not reached by a railroad, and is a day's automobile journey from the Pacific coast.

Authorities here believe the Jesse Carson mentioned as a companion of Clara is the man of that name wanted here on an arson charge and that he is acquainted with Armours Phillips.

Officers say they have evidence that Phillips and Carson were together after Clara had escaped from jail. He left for Mexico City some time ago.

TRAIL OF MRS. PHILLIPS

LOS ANGELES — (Associated Press) — In discussing reports from Sacramento that Mrs. Clara Phillips, escaped "hunger murderer," and Jesse Carson, wanted here on an arson charge, had been located in Honduras, a Los Angeles Times today said he thought he could trace practically all of the movements of Mrs. Phillips and Carson since they vanished from Los Angeles. Phillips said Carson was accused of having set fire to a grocery store he had leased to Walter K. Taylor in Belvedere, a suburb, after he had failed to oust Taylor from the property by other means.

The fire warden said he had reasons to believe Phillips and Carson had been close friends. Withholding any information he might have as to how Mrs. Phillips escaped from jail and where she concealed herself immediately afterward, the officer declared that on the night of December 28 Phillips and Carson \$2,230 were taken from Phillips and the two planned at the time that the woman and Carson were to leave the country.

According to Phillips, Carson and Mrs. Phillips went to New Orleans about January 15, and apparently had plenty of money. From that city they went to Vera Cruz, Mexico, and thence to Mexico City. From there Phillips declared, Carson wrote to friends in Los Angeles he "had made a killing" in oil and land transactions and mentioned Mrs. Phillips as a "good pal."

The government of the United States was said to have taken a hand in the search for Mrs. Phillips and Carson, learning of that, fled to Guatemala, then to Salvador and then to Honduras.

RETIRED FARMER DIES FROM COMPLICATIONS

Arza L. Winegardner, 75, retired farmer, died in his residence at 908 E. Eureka-st. Saturday, following an illness of six weeks from complications. His wife preceded him in death 13 years ago.

The Tonic To Take In The Spring

Many so-called tonics are merely stimulants. They fail to reach or remedy the real cause which makes you run down or out of sorts. The safe tonic is a food medicine and the greatest body builder is Father John's Medicine whose pure food elements are easily taken up by a weakened and run-down system. This old prescription contains the greatest of food medicines which doctors have prescribed for years for their patients. It is guaranteed free from drugs, alcohol or any other kind of stimulants. It builds up the body, enriches the blood. It is a builder and not a brace.—Adv.
